

Jacob Hunter PGA professional

Business sponsorship proposal

Benefiting your business whilst helping me achieve my goals.

About me.

Firstly, I would like to thank you for reading my proposal and I look forward to our possible future correspondences. Before we move on, I would like to take this opportunity to tell you a little about my back story. For those who may not know me I'm Jacob Hunter, a 21 year old PGA golf professional; working, teaching, playing and practicing out of Broadstone Golf club.

I am the merchandising manager at the Pro shop at Broadstone, meaning I have an active role in making sure the shop runs as well as it can whilst giving a friendly and talkative service to our customers. I give 10-15 lessons a week, and pride myself as a pro who has knowledge in all areas of my trade.

I picked up the game at the late age of 13 after deciding to quit football and not one day has passed where I don't think about golf or dream of achieving my **Ultimate Goal**- Competing against the world's best golfers on one of the world's main professional tours.

When I left school at the age of 18, I had the choice to either; Stay as an amateur and work my way up into the professional ranks that way OR turn Professional and undertake the 3-year PGA qualification degree. After lots of deliberation and making the decision of staying amateur and going to TGC (Tournament Golf College) I changed my mind last minute due to some unfortunate events which were out of my control. I then made the decision to go ahead with the PGA degree. It became very apparent within the first year of PGA training this was the best thing to happen for my career and I'm very glad it did!

About me.

Coming from a single parent background means money has never been in huge supply therefore the PGA degree gave me a sense of security and opportunity as it allowed me to earn money and it gave me a platform to compete against the country's best professionals on the regional and national schedules. Turning professional this way is not the most conventional way of breaking through into the world's main tours in the modern era, but it has shown to be successful amongst many of the worlds best including; Ian Poulter, Paul Laurie and many more over the years.

I am extremely proud of myself for how far I have come over these last 3 years. Not just in my golf but in the way I have maintained and increased my drive and desire to be better at golf, which we see is lost with some club pros of my age.

Since turning professional I have played mostly on the PGA South West and Wales schedule, PGA National schedule and PGA Europro schedule, with high levels of success in my first few years of competing at this level.

I've had a 2nd place in the PGA West region championship, 3rd in the National Assistant's Championships in Blackburn, 2 wins in the local winter series events and 3 wins in the prestigious Bournemouth Alliance Pro-Ams.

However, its time I broaden my horizons and start playing bigger and better tournaments across the country to gain more experience and more exposure. In 2021 will be competing on bigger and better tours (TP tour, Jamega tour, Clutch tour, europro etc.) which of course comes with extra cost.

Proposal

As I have already said, it's time I broaden my horizons and start playing bigger and better tournaments across the country to gain more experience and more exposure. In 2021 I will be competing on bigger and better tours, (TP tour, Jamega tour, Clutch tour, Europro qualifying, European tour Q-school etc.) as well as the regional and national PGA events, with the goal of putting myself amongst the country's best golfers to see how my game stacks up. Of course this comes with extra cost.

Just to break it down for you just to give you an idea of how much a tournament season costs. The average entry fee for TP tour is £175. 2 nights of comfortable accommodation and food averages £170 and then fuel is roughly 15p per mile. Last year the furthest tournament I travelled to was 220 miles away. So before I've even turned on the engine to travel, the tournament has cost me almost £250. You can see how easily stack up, especially when I look to play 15-20 tournaments a season.

I am confident I have the game to compete at the highest level and would love the chance to be able to give it a go.

This is where you can help. Over the next few slides, you will see 3 sponsorship packages that are all designed to help both your business as best as I can AND assist me on my way to achieving my goal by helping me to offset my yearly costs. I hope you see how these packages can benefit you.

Silver package

Silver package businesses will get;

- ❖ - half price lessons (£15) for any employers or employees. (Marketing can be arranged for this)
- ❖ - Your Business logo embroidered on the sleeve or chest of all my golf shirts.
