

# **Golf investment/ sponsorship opportunity**

**Be a part of my  
professional golf journey in 2023**

# About me

Thanks for taking your time to read my proposal . For those who don't know me My name is Jacob Hunter. I'm a 23 year old PGA professional at Broadstone Golf Club in Dorset.

Since Turning professional in 2017 I have been been pursuing my dream of becoming a dominant figure on the worlds best professional tours. I Currently split my time between teaching golfers and playing professionally.

I really enjoy helping golfers become better and have amassed a great client base allowing me to teaching up to 30 lessons a week to golfers of all abilities. However my dream is to play professional golf for a living.

The Next step for me is to get to the challenge tour. This tour is one tour lower than the main DP world tour and will act as a really good stepping stone for me to realise my dreams as a DP world/PGA tour golfer.

# **Sponsorship/ Investment**

**For anyone to become successful they need to have the right people around them. I'm looking for individuals or businesses that want to work with me to allow me to play with freedom.**

**In exchange of financial investment, I hope to then use my skills and assets to benefit their; own business, golf game, online presence etc.**

# 2023 season

**This season I intend to play mostly on the 'Clutch Pro Tour' and PGA national and regional tournaments. As well as this I will also be attempting to qualify for the open championship, where last year I got to the final stages. Both schedules offer excellent incentives and great opportunities to progress to the next level of Professional golf.**

**The Clutch Pro Tour are offering full Challenge Tour cards and tournament starts for top 4 finish in the season long standings. The PGA national and regional circuit gives me a chance to qualify for the 'PGA playoffs' which then gives the winner a start at Wentworth on the DP world tour. Overall, I hope to play between 25 and 30 tournaments giving me a real chance of progressing forward in my career.**

**I will be doing everything I possibly can in my practice and preparation to ensure I reach my targets this year.**

# Cost breakdown

**With Entry fees up at £500 per event, hotels, food and other travel expenses, a full season playing developmental tour golf can be extremely expensive. I have calculated what I think the year will cost. Please see the break down below.**

**Clutch Pro Tour membership- £620**

**Tournament Entry- £6,000**

**Accomodation- £3,000**

**Food and drink- £1,500**

**equipment (balls etc.)- £1000**

**Total: 12,000\* +**

**\*Please note, these figures are calculated with fairly conservatively and without fuel costs. I would expect the season will cost much more than what I've calculated here.**

**For me, it's important that whoever is investing in my career sees value in their investment rather than just giving away their money. The more you invest, the more you get back in return. See below the return for different amounts of investment.**

# Finally...

With this investment, I plan to pay for as many tournaments and accommodation as soon as possible. The closer to the date of the tournament, not only do hotels get more expensive but the less chance I have of getting into the tournament as there are limited spaces.

I hope that see the potential value in supporting me and I hope by working with you we can both see the benefits.

If this is something you are interested in pursuing, please don't hesitate to get in touch with me and I'd be happy to discuss further.

Thanks in advance.
